DOROTHY PERKINS

EXCELSA or RED DOROTHY PERKINS. The fact that this is a Dorothy type in productiveness, form and rapid climbing habit is an excellent reason why this rose is sure to come to the front as one of the leading hardy climbers. In color it is entirely different from Dorothy Perkins as it is an intense crimson maroon with top of the petals tinged scarlet. The flowers are large and double and produce thirty to forty on a stem. Almost every eye on a shoot makes clusters of bright blossoms. 2 3/4 pots, \$4.00 per 100. Fld. grown plants, 1 year, \$7.50 ; 2 year, \$12.50.

On account of their free-blooming qualities, we strongly recommend the following varieties for planting in beds: **Brilliant, Buttercup, California, Compte de Bouchard, Gladiator, King Humbert, Mrs. A. F. Conard, Pillar of Fire, Pres. McKinley, Venus, Wyoming.** We recommend planting beds all one color for best effect.

Original Native Canna

C. & J. New Seedling Lilly-Canna

Supreme Court Decision

After exhaustive Tests, our National Government at Washington, D. C., planted in the most visited grounds in the U. S. (around the public Buildings) solid beds of Meteor, Rosea Gigantea, Olympic, Mrs. A. F. Conard, Gladiator and other C & J. sorts. By rigid tests our government has for its own use sifted out the "Largest and Best obtainable."

Were You at Minneapolis ?

The *S. A. F. & O. H. Judges* of the outdoor exhibit gave C. & J. Improved Cannas special mention. They said:—

"Conard & Jones Co., West Grove Pa.—A very fine and interesting display of standard varieties of Cannas, including Meteor, a startling red, in the opinion of your judges the best Canna in its color shown on the grounds, Also Panama, a giant salmon; Blanche Wintzer, pure white; Olympic, rosy crimson: Beacon, flaming scarlet; these, with many other sorts, forming a splendid set of novelties."

THE CONARD & JONES CO.—CANNAS

A Bed of C. & J. Rosea Gigantea in front of Department of Agriculture Building, Washington, D. C., where "Only the Best are wanted"

1913 Novelties

✠ Originated and introduced by The C. & J. Co.

- ✠ **Blanche Wintzer.** 3½ ft. One step nearer the perfect white Canna; whiter and larger than Mont Blanc, which for ten years has been the best. Mr. Wintzer looks upon "Blanche Wintzer" as one of his greatest triumphs, so exquisitely white and pure are its glistening petals. A rather dwarf grower, with green foliage, fine for bordering beds, for individual specimens, and for indoor bloom. Florists' Exchange, September 28, 1912, says, "This is the finest white Canna, undoubtedly, the world has ever seen." Strong plants, \$5.00 each, prepaid.
- ✠ **Loveliness.** 3 ft. The color of this exquisite Canna is most difficult to describe, but we think that "bright ruby carmine" will convey to our customers the entrancing loveliness of this most charming variety. The blooms are formed on large heads, which are borne erect, well made petals, are of the new "Gladioflora" type, introduced, and the individual flowers with firm, well made petals are of the new "Gladioflora" type, introduced by us. The foliage is delicate green, which harmonizes perfectly with the beautiful flowers. The plant is very robust and will produce quantities of flowers in a season. Strong plants, \$2.00 each, prepaid.
- ✠ **Tennie Walls Fahline.** 4½ ft. This glorious combination of pink and primrose arouses enthusiasm always on account of its dainty coloring and unique markings. The lips of the petals are flashing carmine pink, which shades towards a throat of soft primrose, delicately dappled pink. Each petal is faintly edged with gold. Effect is dainty, artistic and fascinating. Strong plants, \$2.00 each, prepaid.
- ✠ **Panama.** 3 ft. The color of this splendid Canna is unusual, being an attractive rich orange red with a well-defined edge of bright golden yellow. The flowers are very large, the petals being almost round and as broad as they are long. Strong plants, \$2.00 each, prepaid.
- ✠ **Maid of Orleans.** 4½ ft. Ground color is rich cream, over which is shaded and mottled in beautiful fashion an attractive pink. The flowers are very large, and the foliage is probably the richest of any of the green leaved kinds, being a soft olive green with the edges tastefully crimped and distinctly marked with bronze. Strong plants, \$2.00 each, prepaid.

Ten Winners

✠ Originated and introduced by The C. & J. Co.

- ✠ **Rosea Gigantea.** 3½ ft. A prodigious bloomer with great flower heads of soft rose to carmine-pink. It has received the highest award accorded any Canna. (The Award of Merit from the Horticultural Society of England.) 30 cts. each, postpaid.
- ✠ **Wabash.** 4 ft. Bronze foliage. Well described as "Bronze-leaved Rosea Gigantea," for this flower has the same great size and carmine-pink color as that famous novelty. 35 cts. each, postpaid.
- ✠ **Olympic.** 5 ft. Rich orient-red with center lighter shade and dappled carmine. Individual blossoms are of the largest size, and make heads that are simply immense. \$1.00 each, postpaid.
- ✠ **Beacon.** 4 to 4½ ft. Moderate sized flowers, borne in great impressive heads of rich cardinal red, which for color effect we think is unparalleled. 25 cts. each, postpaid.
- ✠ **Juniata.** 4 to 4½ ft. Looks like some rare tropical plant, with dark green foliage, strikingly veined and edged with bronze. Flowers are rich chrome yellow, very unique. 30 cts. each, postpaid.
- ✠ **Gladioflora.** 3½ ft. Remarkable for the unusual shape of the flowers, which look like large gladioli. Color is crimson, changing to carmine-rose, edged with gold. 25 cts. each, postpaid.
- ✠ **William Saunders.** 4 ft. Continues all season a blaze of bloom when others are "off show." The bright scarlet flowers harmonize perfectly with the beautiful bronze foliage. 25 cts. each, postpaid.

OFFER W2. The above 7 for \$2 50 Postpaid

- ✠ **Meteor (Wintzers).** 5 ft. The most solid mass of deep dazzling crimson bloom produced is spectacular. Undoubtedly our best red, and one that will always be in the front rank when a bright, brilliant crimson color is desired. 35 cts. each, postpaid.
- ✠ **Mrs. Alfred F. Conard.** 4 ft. This has become the most popular pink Canna ever introduced. Its exquisite salmon pink flowers are of largest size, so freely produced as to keep a superb showing for months. 35 cts. each, postpaid.
- ✠ **Kate F. Deemer.** 4 ft. Flowers open oriole-yellow, which changes to turkey-red in the center and throat, while the rest of the blossom turns almost white. 50 cents each, postpaid.

OFFER W3. The above 3 for 75 cts., Postpaid
